

CONSERVATION SPEED-DATING WORKSHOP

FRIDAY, FEB 2
1-4 PM

THE HILL SCHOOL
PEARD BUILDING
130 MADISON ST,
MIDDLEBURG, VA 20117

This free event is targeting landowners and producers that manage land in Fauquier County within the Goose Creek Watershed

Are you interested in...?

- Learning about different conservation practices that can benefit your landscape and production goals?
- Learning about financial assistance available to help cover the cost of those practices?
- Having an opportunity to meet many of the local organizations and technical service providers that can assist you?

If so, we invite you to join us for a hands-on workshop that will give you one-on-one time with local technical service providers and conservation practitioners to discuss your interests, options, and next steps specific to your property. All participants will receive a large scale printed map of their property to use during the event.

Space is limited, please reserve your spot by contacting Justin Proctor (607) 229-6255 or ProctorCJ@si.edu
